Applying This Paste Actually Removes Hairs

(Beauty Notes)

Merely applying an inexpensive paste to a hairy surface, say beauty specialists, will dissolve the hairs. This paste is made by mixing a little water with some powdered delatone; after not only removes every trace of hair, but leaves the skin free from blemish. To insure success with this treatment, be careful to get real delatone.

DARKEN GRAY HAIR

Bring Back its Color and Luster with Grandma's Sage Tea Recipe.

Common garden sage brewed into

a heavy tea, with sulphur and alco-hol added, will turn gray, streaked and faded hair beautifully dark and Survivant. Mixing the Sage Tea and Sulphur recipe at home, though, is roublesome. An easier way is to get the ready-to-use preparation, im proved by the addition of other in-gredients, a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Comound," thus avoiding a lot of muss. While gray, faded hair is not sin-'ul, we all desire to retain our youth ful appearance and attractiveness, By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so nat urally, so evenly. You just damper a sponge or soft brush with it and draw this through your hair, tak-ing one small strand at a time; morning all gray hairs have de peared. After another application or two your hair becomes beautifully dark, glessy, soft and luxuriant and ou appear years younger.
